Dear Miss Moss:

At the personal request of our president, Mr. Milton R. Rackmil, whose daughter, Marlene, is a student at Smith, we are adding W C S R to our list of radio stations receiving advance gratis Decca records. This service to you will begin within the next two weeks. We will also send you several of the current Decca hits and some of our outstanding back numbers. Please advise me as soon as you receive the first shipment, so that I will know whether everything is working out alright.

I shall be personally interested, too, in your report of the reactions to our new records which you will be receiving weekly. Also, I would appreciate any comments on records of other labels.

Cordially yours,

MICHAEL CONNER
